PROJECT DETAILS

AVMI are a Global Solutions Partner for audio visual, video conferencing and digital media.

Prestige were engaged to carry out a toilet, shower and corridor refurbishment which was required to be delivered within a tight timescale and meet AVMI's project budget.

The works included:-

- Plumbing Works
- Electrical and lighting upgrades to LED/emergency lighting
- Altro Whiterock Hygienic wall cladding and mastic pointing
- Altro non slip vinyl flooring
- Contract carpet tiles
- Decoration
- NICEIC Minor Works certification and commissioning

CLIENT STATEMENTS

"Can you please pass on my thanks to the team for the professional way the works have been carried out, they were always polite and happy to engage our staff with a smile. The work was completed with minimal interruption to our business operation and in the timescales advised"

David Outhwaite - Company Compliance Officer

"I would like to extend a big thank you from the AVMI management team for what has been a well-managed and efficiently delivered project by you and your team.

Taking those facilities offline to deliver the project was always going to be disruptive and keeping to the initial programme was key. You managed to accommodate a number of changes along the way and kept us abreast of any impact to programme, which to be honest has been minimal.

Workmanship has been to a high standard and I wouldn't hesitate recommending your services to others"

Craig Bonner - Operations Director
