**PROJECT VALUE:** £53K

## PROJECT DETAILS

Staines Preparatory School is a co-educational independent school for children from three to twelve years old. Prestige Interiors carried out the refurbishment to the school's main reception consisting of opening up the main area to give a more spacious feeling, also providing better security and improving the circulating areas. The school building is over 100 years old and presented its own challenges to bring the structure in line with current Building Regulations. Structural works were carried out to both walls and floors to facilitate compliance and were all completed within the school's tight schedule, this was due to the summer holiday shut down.

The works consisted of: \_

- Structural support works to floors
- Structural support works to walls
- LED lighting
- Floor coverings
- Decoration
- Door sets
- General Joinery
- Security Shutter
- Fire Alarm
- Intruder Alarm
- Power & Data Installation
