Case Study

CUSTOMER: TCN (UK) Ltd
CONTACT: Andy Kirby – Fresson and Tee
PROJECT DATES: June - December 2017
PROJECT VALUE: £550,000

PROJECT DETAILS

Prestige carried out an office refurbishment project for TCN in 2013 and when the time came for TCN to renew their current lease agreements, Prestige were called upon to refurbish 3 floors of the traditional Victorian industrial building and modernize their roof terrace space. The works consisted of:-

- Stripping out of services and finishes
- Soda-blasting internal painted brickwork
- Fire-rated sound resisting Gyproc MF ceilings
- LED lighting
- Air conditioning
- Sanding and re-finishing timber floors
- Fire proofing
- Power/fire detection/entry phone systems
- Decoration
- Structural decking to roof terrace
- Glazed balustrading to roof terrace

CLIENT STATEMENT

‘Prestige Interiors were a pleasure to work with from concept to completion. Patrick and Rob always go out of their way to achieve the client’s brief, ensuring best value for money and delivering on time to the expected level of workmanship’.
